

My Collections Tour

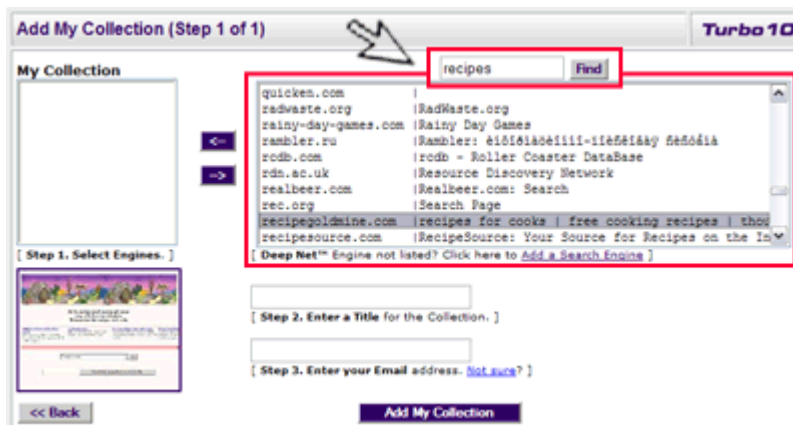

Turbo10 enables you to create your own collection of search engines to search the Web. Take the My Collections tour and find out how you can create your own personalised search tool.

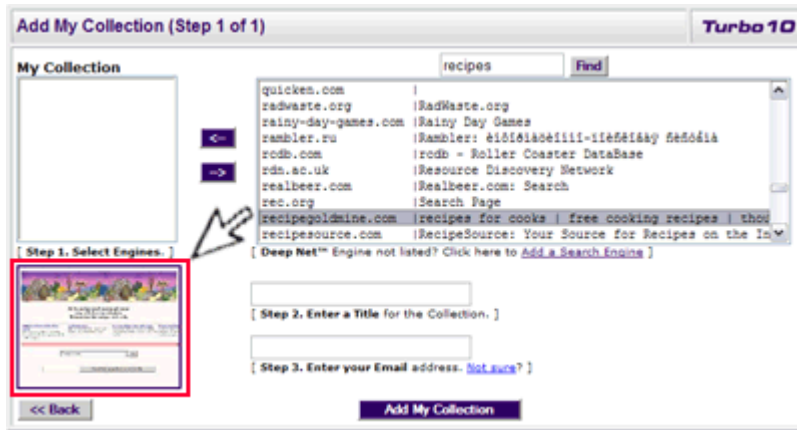

Step 1. Click on the **Edit My Collections** link on the **Turbo10** homepage to be taken to the main My Collections page.

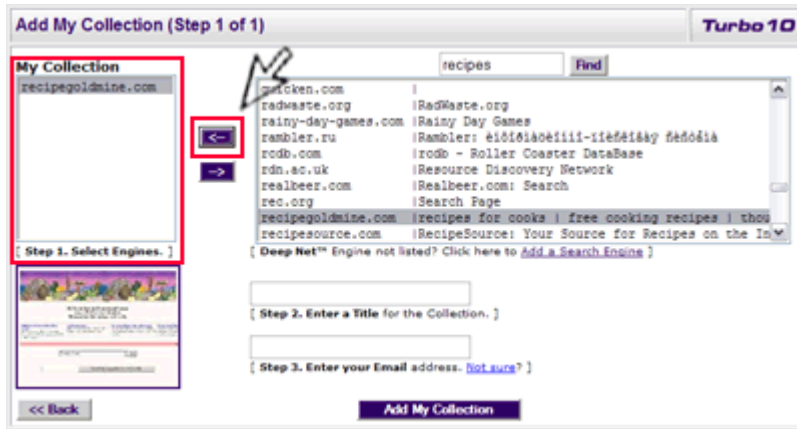

Step 2. To create your own collection of search engines, click on the **Add New Collection** button.

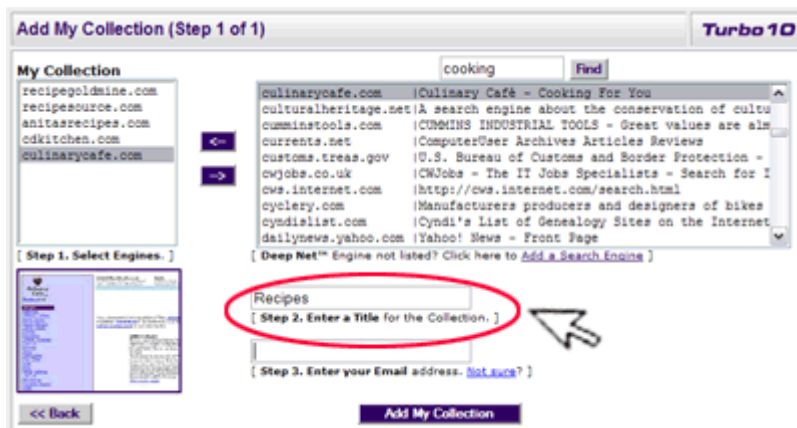

Step 3. Select up to 10 engines from **Turbo10's** list of Deep Net engines. Using the scroll bar on the right, you can view all the engines currently in the list. You can search for a particular engine using the **Find** button at the top.

Step 4. A screen shot image of the search engine appears in the bottom left hand corner. To visit the engine click on the image.

Step 5. Press the left arrow button to add an engine into the **My Collections** list. Use the right arrow to remove an engine from the **My Collections** box. You can include up to 10 engines per collection.

Step 6. Create a name for your collection. This name will appear in the pull-down menu next to the search box on **Turbo10's** homepage (e.g., Cooking, News, Sport, Legal).
